

VISHING ATTACKS

Common Vishing Attacks

- IRS Tax Scams
- Medicare
- Tech Support
- Romance / Catfishing
- Debt Relief or Credit Repair
- Charity
- Auto Warranty
- Business and Investment
- Bank Institutes

What if I fall victim to a vishing attack?

Call your bank and credit lines and have your accounts put on hold, cards changed, or even you account numbers changed.

Get your credit reports to freeze new inquiries. Just explain to them the situation of the vishing attack and they will follow the appropriate protocol.

Report these vishing scammers to FTC, and the Federal Bureau of Investigation (FBI)'s Internet Crime Complaint Center.
